3. Processing of personal data

Personal data is processed and transmitted exclusively within the scope of the specific task fulfillment of employees and only for the purposes for which it was originally collected. They are deleted or anonymized immediately after the purpose for which they were collected no longer applies. Personal data is only disclosed to government agencies within the framework of legal regulations. It is particularly important to us to protect and securely store all personal data that you entrust to us.

4. Use of the websites of Conlocura.cool GmbH

Our website only uses cookies that are necessary for the operation of the WordPress web CMS system. No tracking cookies are used.

The use of the Conlocura.cool GmbH website is generally possible without providing any personal data. However, if a data subject wishes to make use of special services of our company via our website, it may be necessary to process personal data. This happens, for example, when filling out the contact form.

This data is then transmitted in encrypted form and only used for the application and only within Conlocura.cool GmbH. It will not be passed on to third parties.

5. newsletter dispatch

Conlocura.cool GmbH informs its customers and business partners only occasionally by means of a newsletter about news and offers of the company. The receipt of this newsletter can be canceled at any time. This can be done by clicking on the link at the end of each newsletter or by sending an informal e-mail.

6. Your rights

a. Right to information

You have the right to know what data we have stored about you. This information will only be provided in writing and must be requested in writing.

b. Right to rectification

You have the right to have your personal data corrected or supplemented at any time. This can only be done in writing.

c. Right to erasure

You have the right to request the deletion of your personal data. This request must be made in writing and can only be carried out to the extent permitted by law.

7. Technical precautions for data protection

To ensure the best possible protection of the data, access to the data is always via encrypted connections. Access is protected by username and password.
